## BURNED TO STAKE.

Delaware Mob Wreaks a Fear-  
ful Vengeance on Rapist.

George White Given The Texas  
Treatment in an Eastern  
City.

Wilmington, Del., June 23.—A  
mob last night burned George F.  
White, a negro, at the stake at  
Price's Corners, four miles from  
Wilmington. The mob, consisting  
of 4,000 persons, stormed the work  
house, where White was confined  
on a charge of having assaulted  
and stabbed to death Miss Helen S.  
Bishop, seventeen years old, daughter  
of Rev. Dr. E. A. Bishop. The crime  
was committed last Monday  
afternoon and ever since then there  
have been mutterings of lynching  
the man. During the attack on the  
jail four persons were shot and  
wounded by the prison guards.

The negro was taken to the scene  
of the crime. He there confessed  
to having assaulted the girl. He  
was then burned at the stake and  
his body was riddled with bullets.

### A PREACHRE'S WARNING.

Judicial Delay Would Cause Mob  
Violence—Lynching Justified.

Wilmington, Del., June 23.—The  
Rev. Robert A. Ellwood, pastor of  
the Olivet Presbyterian church,  
preached a sensational sermon on  
the probable lynching of the negro  
White last Sunday night. He took  
his text from Corinthians, v., 13:  
"Therefore put away from among  
ourselves that wicked person."

In referring to a speedy trial for  
the negro, the Rev. Ellwood said:  
"I call your especial attention to  
that part of my text found in the  
constitution which says: 'In all  
criminal prosecutions the accused  
shall enjoy the right to a speedy  
and public trial.'"

"On the day of this terrible crime  
the officers arrested a man supposed  
to be guilty. He was taken be-  
fore a Magistrate and held without  
bail. To-night he is in jail with  
armed men parading about for his  
protection, waiting until the middle  
of September. Is that speedy; is  
that even constitutional?"

"Oh, honorable Judges, call the  
court, establish a precedent and the  
girls of this State, the wives of the  
homes and the mothers of our fire-  
side and our beloved sisters will  
not be sorry, and neither will you."

"And, honorable Judges," he con-  
tinued, "if you do not hear and  
heed these appeals and that pris-  
oner should be taken out and lynched,  
then let me say to you with a  
full realization of the responsibility  
of my words, even as Nathan  
said to King David of old, after his  
soldiers had killed Uriah, 'Thou  
art the man,' so I would say to you,  
'The responsibility for lynching  
would be yours for delaying the ex-  
ecution of the law.'"

"Should the murderer of Miss  
Bishop be lynched? Yes. But only  
under one condition, and that is  
this: If his trial shall be delayed  
until September and then, though  
he be proved guilty, through some  
technicality of the law or any un-  
due influence upon either Judges or  
jury he be not given capital punish-  
ment, then the citizens of the State  
should arise in their might and ex-  
ecute the criminal, and thus uphold  
the majesty of the law."

### NECK BROKEN

Sturgis Young Man Thrown From  
Buggy.

Sturgis, June 22.—Otho Hearn  
while out driving today with his  
sister, was thrown from his buggy  
and his neck broken. He died in a  
few minutes after the accident.  
The lady was thrown from the  
buggy but was only slightly injured.  
Hearn was a young man and  
the son of Tom Hearn, a well known  
farmer.

## ROYAL TIME.

Awaits Kentucky Editors And  
Their Ladies.

After Meeting at Lexington They  
Will Journey Through  
Canada and Maine.

The annual meeting of the Ken-  
tucky Press association, to be held  
at Lexington July 22 and 23, and  
the local entertainment, will doubt-  
less be on the same grand scale as  
on the occasion of the meeting in  
that city eleven years ago. Mr.  
Louis Landrum, of the Lancaster  
Record, chairman of the executive  
committee, was in Lexington the past  
week arranging with local commit-  
tees, and he reports most satisfactory  
results. According to Chairman  
Landrum, the newspaper boys and  
their ladies will be royally enter-  
tained. At the close of the Lexing-  
ton meeting the annual tour will be  
taken. The trip includes Chicago,  
Battle Creek, Niagara Falls, Tor-  
onto, Montreal, Quebec, Muskoka  
Lakes, Portland, Me.; trips through  
the White mountains and down the  
Caldwell county line, met a hor-  
rible death a few miles from Daw-  
son. Mr. Davis had been to see a  
sick relative near Dawson and  
started to return home at night.  
The road was rugged and in pass-  
ing over a cliff he lost his footing  
in the darkness and was hurled  
over a steep precipice twenty feet  
to jagged rocks below. His head  
struck first and his skull was frac-  
tured. When found by a searching  
party the next afternoon he was  
still alive, but died before night.  
The victim of the fatal accident  
was about 60 years old and leaves  
a wife. He was a much esteemed  
citizen.

### ONE MAN KILLED

And Several Injured in an I. C.  
Wreck.

Dawson, June 24.—A serious  
head-end collision took place on the  
I. C. road one mile west of this  
place shortly after 6 o'clock this  
evening.

Past freight train No. 151, south  
bound, met north bound local freight  
train No. 196 just east of Trade-  
water bridge. Both crews jumped  
when they saw the collision was  
inevitable. Engineer C. F. Under-  
wood, of No. 151, was hurt on the  
ankle and head cut, not seriously.  
Engineer Sheegog, of No. 196,  
escaped unhurt.

Fireman Anderson, Steinberger  
and Gannon and Engineer Mullen  
were all hurt more or less. Ed.  
Johnson, a colored brakeman, was  
killed, being buried under the  
debris.

Train No. 151 had orders to side-  
track at Dawson, but overlooked  
them.

The injured men were taken to  
the Illinois Central hospital at  
Paducah this morning.

### SERIOUS CHARGE

Filed Against Joe Johnson by  
Miss Gamble.

Johannie Gamble, a young white  
woman living a few miles east of  
town, yesterday swore out a war-  
rant against Joe Johnson, a young  
man of the same neighborhood,  
charging that he by force and in-  
timidation had carnal intercourse  
with her, against her will and con-  
sent. Johnson had not been arrested  
yesterday afternoon.

### NO. 2 WHEAT.

Opened at 70 Cents and Few  
Farmers Selling.

New wheat opened here this week  
at 70 cents for No. 2. Receipts  
continue light and very few farm-  
ers are selling. Wheat is showing  
up light and the crop will not ex-  
ceed three-fourths, at a most liberal  
estimate.

### CRUSHED TO DEATH.

Horrible Fate of Farmer Return-  
ing Home From Dawson.

John Davis, who resides just over  
the Caldwell county line, met a hor-  
rible death a few miles from Daw-  
son. Mr. Davis had been to see a  
sick relative near Dawson and  
started to return home at night.  
The road was rugged and in pass-  
ing over a cliff he lost his footing  
in the darkness and was hurled  
over a steep precipice twenty feet  
to jagged rocks below. His head  
struck first and his skull was frac-  
tured. When found by a searching  
party the next afternoon he was  
still alive, but died before night.  
The victim of the fatal accident  
was about 60 years old and leaves  
a wife. He was a much esteemed  
citizen.

### SURPRISED THEIR FRIENDS.

Young Couple Flew Them to Clark-  
ville and Wed.

Mr. J. Orville Goodie, the hand-  
some and talented young lawyer of  
this city, and Miss Nora Greer,  
daughter of Capt. J. T. Greer, went  
over to Clarksville Wednesday and  
were married at two o'clock, in the  
Arlington Hotel. The ceremony was  
performed by Rev. R. L. Cave.  
They returned here the same even-  
ing and will board with the bride's  
father on West Seventh street.

Yesterday afternoon the young  
couple were given a dinner and re-  
ception at the home of the groom's  
mother, on North Main street.

### PLEASANT SOCIAL EVENT.

Mrs. H. D. Wallace Entertains In  
Honor of Her Guest.

One of the most pleasant social  
events of the season was a dinner  
party given by Mrs. H. D. Wallace  
Wednesday afternoon, complimen-  
tary to her, niece, Miss Julia Wal-  
lace, daughter of Mr. A. H. Wal-  
lace, of Newstead.

There were about forty young  
people present on the occa-  
sion. Elegant refreshments were  
served. The first prize was won  
by Miss Dell Gaines and the booty  
prize by Miss Oney Bartley.

### ONE FROM HOPKINSVILLE

Miss Walker Re-elected Teacher  
in Pembroke Public Schools.

The board of trustees of the  
Pembroke Public Schools, at a  
meeting held last Monday night,  
re-elected Miss Bessie Walker, of  
this city, as one of the teachers for  
the ensuing scholastic year. At a  
recent meeting of the board other  
teachers were elected, as follows:

Miss May Estes, of Russellville;  
Miss Hutchinson, of Bowling Green;  
and Misses Theresa Cannon and  
Dovie Anderson. Prof. C. E. Dud-  
ley was re-elected principal.

### PRESENTED FOR PROBATION.

Late S. C. Mercer, Jr., Leaves  
Property to Odd Fellows' Home.

The will of the late Jule Mercer  
was presented to the County Judge  
Tuesday by the attorneys for his  
widow and the trustee for the Mer-  
cers for probation. Objection was  
raised by the attorneys. The  
court sustained the objection, as  
the will showed upon its face that  
it was void, as the decedent had  
married since he made the will.  
No administrator has yet been ap-  
pointed and the matter may go to  
the Circuit Court, as the lower  
court refused to appoint the widow  
administratrix.

The will provides that all of his  
estate go to his mother at his death  
if she should be living, and if not,  
to the Odd Fellows Orphan Home at  
Lexington. His mother has since  
died. The estate is estimated to  
be worth \$10,000.

### CONCERNING THE WEED.

Sorts Sold Embraced Various  
Grades of Tobacco.

The offerings of tobacco on the  
breaks this week amounted to 244  
hogsheads and rejections were only  
48 hogsheads. The sorts sold em-  
braced all the different grades from  
common lugs to good leaf. Good  
leaf ranged in price as high as  
\$9.50, a number of hogsheads com-  
manding figures ranging from \$7.50  
to \$9.50. Sales for the year amount  
to 5,172 hogsheads. Receipts for  
the week were 225 hogsheads and  
for the tobacco year, 9,215 hogs-  
heads. R. M. Woodbridge & Co.  
had a good sale of the loose weed on  
the floor, prices realized were very  
satisfactory.

### MARRIED IN CLARKSVILLE.

City Couple Have Nuptial Knot  
Tied in Village.

In the parlor of the Arlington Ho-  
tel, Clarksville, on Tuesday even-  
ing, Mr. T. A. Carson and Miss  
Bettie Dickerson were united in the  
bonds of matrimony, Dr. J. H.  
Lacey officiating.

They went over to Clarksville by  
private conveyance for the romance  
of the trip.

Mr. Carson holds a responsible  
position at the Western Asylum  
and is a young man of sterling  
worth.

His bride is one of Christian's  
most lovable girls. They have  
taken rooms on East Ninth street.

### Coal House Destroyed.

Mrs. Geo. Weller's coal house on  
South Virginia street was destroyed  
by fire at an early hour Wednes-  
day morning.

**QUEER IDEA OF A WOMAN.**

She Tried to Freeze Herself to  
Death by Eating Ice Cream.

Morristown, N. J., June 22.—  
Saying that she wanted to die a  
happy death and believing that ice  
cream in large quantities would  
produce the desired result, Miss  
Aetia Sternberg was discovered  
eating the sweet stuff by the pain-  
ful. When found she had already  
devoured more than a gallon and  
was fast emptying a two-gallon  
freezer which she had purchased  
early in the evening. She was  
taken to the police station, where it  
was discovered that she was a pa-  
tient at the state's hospital at Mor-  
ristown and had escaped early  
in the evening. When questioned  
she said that she ran away for the  
express purpose of dying and would  
have hung herself had she not  
thought that a few quarts of ice  
cream would have frozen her to  
death and put a happy end to a  
melancholy existence.

**SURPRISE FOR CHARLIE.**

How an Engineer Made a Pickup  
of \$1,800.

Yesterday just after a late break-  
fast Mr. Charlie Slade, the well  
known engineer on the main line,  
running from here to Louisville  
waded leisurely out into the lobby  
at the Webb Hotel and took a seat  
in one of the large hotel chairs, and  
while picking his teeth was looking  
casually over the Louisville Herald,  
when to his utter surprise he saw  
where he was booked for \$1,800 in  
the Chicago Derby.

Well, gentlemen, you could have  
knocked him down with a feather,  
so great was his surprise. He had  
not put up on any horse, and how  
in the d—l could he win anything?  
But further down the column he saw  
where "Plunger Bill" Bollinger,  
the well known sporting man, who  
is a personal friend of Mr. Slade's,  
had put up \$300 for him by way  
of a surprise on Pickett, in the win-  
ter books. The neat little jackpot  
almost knocked him silly, but the  
man of the iron horse finally did  
gather up his wits enough to wire  
his thanks to his benevolent friend  
for the pleasant surprise. Mr.  
Slade has been receiving congratula-  
tions all of yesterday and to-day  
from friends.—Bowling Green

**PEOPLE WE KNOW.**

They Are Hopkinsville People, and  
What They Say is of Local  
Interest.

When an incident like the follow-  
ing occurs right here at home, it is  
bound to carry weight with our  
readers. So many strange occur-  
rences go the rounds of the press;  
are published as facts, people be-  
come skeptical. On other subjects  
skepticism is rapidly disappearing.  
This is due to the actual experi-  
ence of our citizens, and their pub-  
lic utterances regarding them. The  
doubter must doubt no more in the  
face of such evidence as this. The  
public statement of a reputable  
citizen living right here at home,  
one whom you can see every day,  
leaves no ground for the skeptic to  
stand on.

John J. Basford, cooper, of 766  
East Ninth street, says: "My back  
used to be so lame and sore at times  
that when I bent it was all I could  
do to straighten it up again. The  
pains were always with me and I  
could not stand for any length of  
time without feeling them. I doc-  
ored at one time but did not obtain  
the slightest benefit. My attention  
was called to an advertisement of  
Doan's Kidney Pills, and I deter-  
mined to try them. I got a box of  
Thomas & Traherne's drug store  
and after using them a few days  
could not help but notice a marked  
improvement in my condition. My  
health is better now than it has  
been for years. I give all the credit  
to Doan's Kidney Pills, and strong-  
ly recommend them to others."

**Old Point Comfort.**

There was much apprehension  
upon the part of those who love Old  
Point Comfort, as to the future of  
the place when it was announced  
that the popular and famous Hygeia  
Hotel was to be torn down. But  
late advices from Mr. Geo. F.  
Adams, manager of the new and ele-  
gant Hotel Chamberlain, was that he  
intends to put on very low summer  
rates, and make this elegant and  
imposing hotel even more popular  
than old Hygeia. Mr. Adams has  
been eminently successful as man-  
ager, and his social, genial manner  
and executive ability render him  
especially fitted for the place. This  
hotel is the finest on the Atlantic  
coast, and all who visit Old Point  
this season can rest assured of a  
warm welcome and every attention.  
Where the old Hygeia stood a beau-  
tiful park has been made by the  
government, which adds much to  
the beauty of the place. The same  
beach will be used for bathing and  
with all the varied and entertain-  
ing features surrounding this popu-  
lar place, it is destined to become  
more popular than ever.

**The Hygiene of Old Age.**

We look upon the aged with good  
reason as having a slender hold  
upon life, one that may be loosened  
by a slight shock of injury or dis-  
ease which, in the young or middle  
aged, would serve only as a stimu-  
lus to the reparative vital powers.  
This is a conservative belief, but  
it warns us to shield our loved ones  
who have fought the fight, from all  
influences which might shorten their  
stay with us. But we must not go  
too far in our solicitude, for the  
aged are not infrequently more  
susceptible to the influence of cold  
and youth by rough methods. Dr. Cald-  
well's Syrup Pepsin and Herb Lax-  
ative Compound is a boon to the  
aged and infirm and probably no  
medicine has accomplished so much,  
or received as high or as many in-  
dorsements from men and women  
whose extreme age gives them a  
seemingly slender hold upon life.  
Dr. Caldwell's Syrup Pepsin makes  
perfect digestion and acts gently  
upon the bowels in an easy and  
pleasant manner. Tones up the  
entire system and prolongs life.  
50c and \$1 bottles at all druggists.

Extreme hot weather is a great

**VALUABLE WASTE.**

A Curious Experience of the Govern-  
ment Bureau of Engraving.  
"It's an ill wind that blows nobody  
good," remarked one of the best  
known anglers in the city to a Wash-  
ington Star reporter one day this  
week after the result of the investi-  
gation concerning the disposition of  
the refuse from the bureau of engrav-  
ing and printing had been made  
known. "Not many days ago," he  
added, "complaint was made that the  
ink and other waste from Uncle  
Sam's money shop had killed hun-  
dreds of fish in the basin. What to  
do with the waste was a puzzling mat-  
ter to Capt. Meredith. The captain  
is something of an angler himself,  
and he was naturally more interested  
than he would have been had he not  
been fond of the sport."

"After making several experi-  
ments," the captain concluded, "he  
would put the waste to a stringent test,  
and he experienced no trouble in con-  
verting the water into ice cream. There  
was naturally a thick sediment left,  
and this, of course, had to be dis-  
posed of in some manner. The  
thought struck him that its color in-  
dicated it might be used for blacking  
shoes, and some of it applied to leather  
proved it to be an excellent black-  
ing, and Capt. Meredith's friends are  
inquiring why he does not form a  
stock company and float bonds."  
"A get-rich-quick scheme," con-  
cluded the angler, "could be worked  
successfully in the shoe polish line,  
but unfortunately the chief of the  
bureau is not in a position to turn  
over the waste from Uncle Sam's es-  
tablishment for private purposes."

**A BIT OF WASTED COURTESY.**

The Polite Man's Intentions Were  
Good Though of No Service.

The man and woman were young,  
good looking and well groomed.  
There were only two vacant seats, and  
they were on opposite sides of the  
cars, so, instead of sitting side by  
side, as was natural and proper for  
such a well matched pair, they were  
divided by half the length of the car.  
The man against whom the girl's  
eyes had been confidently, says the  
New York Express, was getting along  
in years, but his soul thrilled with  
the sentiments of youth, and he re-  
solved to clear the situation for the  
sweet young things. Gallantly he  
arose and stumbled over to the un-  
fortunate young man.  
"I will exchange seats with you,  
sir," he said.

The young man hesitated, but he  
accepted the offer. Everybody was in-  
terested in the incident. The man  
struck up an animated conversation  
without delay. But they did not  
quarry. They did not even speak,  
and presently, when the conductor came  
around, the man dived down into his  
pocket and brought up a nickel and  
the woman dug around in her purse  
and brought up another, and they  
paid their fares independently. An  
audible sigh went up from the rest  
of the passengers. The man with the  
charitable spirit felt worse than any-  
body else, unless it was the young  
folk themselves, both of whom un-  
derstood the situation and blushed  
furiously.  
"Well, I don't care," said the gal-  
lant man finally, to one who dared to  
listen. "I did my duty, anyhow, and  
he has had the pleasure of sitting be-  
side her, even if he doesn't know  
her."

**FACTS ABOUT COAL.**

Was Once a Crime to Burn It in the  
City of London.

"Coal," said the antiquary, accord-  
ing to the Philadelphia Record, "be-  
gan to be used in England in the  
year 1300. It was discovered then  
on the banks of the Tyne, but they did  
not know how to burn it, and hence  
it emitted a good deal of gas. In  
1350 the use of coal was forbidden in  
London. The law said that the coal  
gas made it a fuel too dangerous for  
public use. To burn coal was a crime  
like theft, punishable with a long  
term in jail, and to have cooked a  
steak upon a coal fire would have  
been the height of a good man's ob-  
duracy. The law was so strict that  
the same man who would feel if  
you should commit a robbery. In  
1400 the law against coal was re-  
pealed, and in a little while its use  
became general. The word coal comes  
from the Teutonic root 'kol.' We in  
America use the same word for the  
singular and the plural, but the En-  
glish speak of coal—"Put," they say,  
"more coals upon the fire."

We sat at the table—the alderman, the doctor and I. The subject of dieting was brought up in conversation. "No man," said the alderman, "can tell me what I ought to eat without knowing my habits of life, my temperament and all—that is not so, doctor?" "Perfectly right," said he, "what suits your stomach may not fit mine, and yet nine men out of ten are presumptuous enough to tell you what you ought to eat." "Yes," said I, "they don't appreciate that there is just as great a difference between two men's stomachs as there is between their brains. Overwork some men's stomachs and they will easily respond to the task, just as some men's brains can take care of endless details, but the majority will break down with the overload." "Indigestion," said the doctor, "is not a disease but an admonition—it is the red light that signifies—danger. It is the language of the stomach to prepare for serious trouble if, allowed to

The total assessed valuation of property in Kentucky is \$616,082,583, showing a raise by the State board of equalization of \$5,875,381. The taxes for State purposes will amount to \$3,109,699.82.

The "burned district" now includes one of the middle states. East of Washington City and near enough headquarters to burn out sectional lines in the discussion of "Southern Outrages." Human nature is about the same the world over.

The Associated Press takes pains to explain that the Wilmington mob was led by a "Virginian" and the straw to start the fire was secured by a "Kentuckian." The idea of burning the victim at the stake, was probably suggested by the history of Salem, Massachusetts.

Allen G. Hall, a native of Christian county, has been elected to the faculty of Vanderbilt University, as the law department. Coupling his name with another, the Nashville News says Mr. Hall this compliment: "Judge J. W. Judd and Mr. Allen G. Hall are two valuable acquisitions to the Vanderbilt law faculty. Both gentlemen have impressed this community in which they live with their ability and culture, and their names add strength to the institution in which they are now connected. Congratulations are due Judge Judd and Mr. Hall and the Vanderbilt law school."

Judge J. J. Osborne has called a special term of court at Cythiana July 27 to try the Jett and White cases. A special term of the Circuit court has been called for July 20 to investigate new feud troubles and any indictments returned for arson, bribery, etc., will probably be transferred to Harrison county, where court will then be in session. On August 3 Judge J. E. Robbins will call the Powers case at Georgetown and both special courts will be in session at the same time, one trying Republicans for assassinating a Democratic governor and the other trying Democrats for assassinating a Republican lawyer. The same kind of even handed justice should be meted out in both cases.

## GRASPING AT STRAWS.

In deciding the Louisville injunction cases, Judge Paynter laid down as the basis of his opinion, the following propositions:

The following questions are to be determined: (1) Did the State Central Committee have the authority to prevent the holding of the primary election? (2) Did Young by Virtue of the resolution have the right to remove members of the local committee? (3) Did the court have the jurisdiction to restrain Young and his associates from interfering with the local committee in the conduct of the primary election?

These, and only these questions were passed upon and only two were decided. The first was not decided, though the court held that the chairman could not exercise the powers of the entire committee.

In the face of these facts, the New Era, a paper resisting party authority to the extent of questioning the legal status of the chairman who conducted the judicial primary, in one of its celebrated first-page pronouncements, declares that Judge Paynter decided that Judge Cook is the Democratic nominee in this district, when his claim rests upon a certificate issued by his campaign committee.

Lawyers who have carefully studied Judge Paynter's opinion and others who have taken a common sense view of it, all agree that it did not and could not have any bearing on Judge Cook's proposed contest in this district, where none of the questions involved will be even touched upon. The only bearing is in the declaration that the statutes must control, and Judge Bush rests his claim to the nomination on that declaration. He has the certificate of nomination signed by the chairman who held the primary, who paid the expenses and received the returns. All legal votes were counted and Judge Bush had 147 majority. The fraudulent votes disregarded in Trigg county, according to the opinion of a great jurist, regarded as the ablest lawyer in Kentucky, would not stand in any court, and the committee in refusing to be a party to the frauds committed complied with the letter and spirit of the law as construed by the highest court. Judge Cook dared not appeal to the law and laid no contest. The ukase issued by his campaign manager and perhaps one or two others who have not yet decided. The editors will take their wives with them and the Kentucky delegation is expected to constitute a pleasant party of a dozen or more. The Kentucky members will meet in St. Louis on Monday afternoon July 6 and make a night trip to Omaha over the Burlington route, arriving at 11:15 Tuesday morning.

The National Editorial Association will hold its eighteenth annual session at Omaha July 7 to 11 and afterwards take a Western trip lasting about two weeks, covering Yellowstone Park, the Black Hills and other Northwestern points. The Delegates from Kentucky are Jno. D. Babbage, M. F. Conley, Chas. M. Lewis, D. B. Wallace and Chas. M. Meacham and perhaps one or two others who have not yet decided. The editors will take their wives with them and the Kentucky delegation is expected to constitute a pleasant party of a dozen or more. The Kentucky members will meet in St. Louis on Monday afternoon July 6 and make a night trip to Omaha over the Burlington route, arriving at 11:15 Tuesday morning.

## PRIMARY ELECTION CONTEST.

A Paduch Case In Which The Decision May Have Some "Bearing."

Paduch, Ky., June 25.—Taylor filed his contest case this afternoon with Chairman C. W. Morrison, of the Second Judicial Democratic committee. The style of the case is L. K. Taylor, contestant, vs. John G. Lovett's contest.

This contest is the outgrowth of the late Democratic primary in which L. K. Taylor was defeated on the face of the returns for the nomination of Commonwealth's Attorney by John G. Lovett, the latter of Marshall county. Mr. Taylor is from McCracken county.

It is charged that while the keys were in Chairman Edwards' hands the boxes were opened and fictitious and fraudulent ballots substituted for the original ones in an effort to cover up the fraud in the original county.

## "HURRY" CALL.

Thousands of Men Are Wanted to Harvest Crops.

A second call, this one a "hurry up," has been sent to Chicago by the farmers of the West who must have laborers to harvest the maturing crops. Although the rush season of gathering the cereals is still several weeks off, the demand for "hands" already is great. It is reported that 42,000 men soon will be required to care for the bountiful yield of the Kansas grain fields, and other thousands of men will be needed in the adjoining states.

## SOMEbody's DARLING.

### Revolution Imminent.

A sure sign of approaching revolt and serious trouble in your system is nervousness, sleeplessness, or stomach upsets. Electric Bitters will quickly dismember the troublesome causes. It never fails to tone the stomach, regulate the kidneys and bowels, stimulate the Liver, and clarify the blood. Run down systems benefit particularly and all the usual attending aches vanish under its searching and thorough effectiveness. Electric Bitters is only 50c, and that is returned if it does not give perfect satisfaction. Guaranteed by R. C. Hardwick, druggist.

Mrs. Charles Levine, a vaudeville actress of Nashville, says she is John Wilkes Booth's daughter, born in 1872, and will claim the estate of D. E. George, who died in Oklahoma in January leaving a written confession that he was Booth in disguise.

## UNUSUAL CONCESSIONS.

World's Fair Officials Will Allow Ky. Coal and Coke Exhibit.

Wonderful progress is being made by the mineral exhibit committee of the Kentucky exhibit association in procuring specimens for the display in the mines and metallurgy building at the World's Fair in St. Louis next year. At the meeting of this committee, held in Louisville a few days ago, reports were made by the different members representing the different classifications in this department, which showed conclusively that the mineral exhibit from Kentucky at the exposition will equal, if indeed it does not surpass, that of any other state in the Union.

The meeting was attended by the Hon. Chas. P. Weaver, chairman, of Louisville; Prof. C. J. Norwood, of Lexington; the committee's chief counsel; W. U. Grider, of Bowling Green; the committee's field representative; P. W. Grinstead, of Lexington; C. L. Searcy, of Waco; Hywell Davis, of Kenner; J. W. Cammack, of Owenton; W. E. Burk and J. W. Wright, Louisville. President A. Y. Ford, of the exhibit association, as ex-officio member, was also in attendance.

Mr. Grider had just returned from a preliminary trip through Eastern, Southern and Western Kentucky and made a very interesting report on the result of his tour. Mr. Grider's report was embraced in one made by Prof. Norwood and showed that the following exhibits had already been arranged for:

Coal from Carter, Boyd, Lawrence, Bell, Laurel, Knox, Clay, Davies, Henderson, Ohio, Union, Hopkins, Christian, Webster and Whitley counties.

Coke from all the coking establishments in the state.

Stone from Meade, Breckinridge, Hancock, Christian, Livingston, Hart, Rowan, Rockcastle and Carter counties and the Big Sandy section.

Commercial onyx from Hart county.

Lithographic stone from Meade and Rowan counties.

Clays and their products from Carter, Greenup, Madison, Breckinridge, Daviess, Union, Livingston, Hardin and Rockcastle counties.

Portland cement material from Meade and Rockcastle counties.

Salt from Clay and Meade.

Earthy minerals for paints from Breckinridge and Livingston.

Gems from Elliot county.

Iron from Lawrence, Bath, Trigg, Lyon and Livingston.

Lead, zinc and the spars from Franklin, Owen, Henry, Crittenden, Livingston and Caldwell counties.

Petroleum from Bath and Knox counties, with others to be secured.

Several members of the Mineral Committee remained in Louisville for two days and on the second day had a long conference with Mr. E. W. Parker, Statistician of the United States Geological Survey, relative to Kentucky's part in the collective exhibit of coal and coke at the Exposition.

Mr. Parker was designated by Mr. J. A. Holmes, Chief of the Department of Mines and Metallurgy, to install the coal feature from throughout the United States in this department. He has already paid visits to the coal producing states and arranged for displays from all of them.

The Kentucky Exhibit Association having begun its work early, secured from Prof. Holmes several months ago, through Messrs. Weaver and Norwood, a promise to be allowed to show the state's coal and coke in the regular mineral exhibit of Kentucky, as well as in the United States Geological Section.

This was a privilege denied other coal producing states, so Kentucky will be the only state in the union with a coal and coke display in two different parts of the Mines and Metallurgy Building at the St. Louis World's Fair.

## TIMBER LAND

In Christian Sold to Hopkins County Plan.

L. E. Littlepage has bought 476 acres of fine timber land in Christian county from Luther Board, of Muhlenberg county. It is estimated that there are 2,000,000 feet of fine poplar and oak timber on this land. Mr. Littlepage is operating a big saw mill six miles from the city and will buy a new mill to send to Christian county to saw up the timber there.—Hustler.

## PURIFY THE BLOOD

If you would have health and energy in hot weather you should see to it in the early Spring that your blood is pure and vital organs strong and active.

## PRICKLY ASH BITTERS

IS THE GREATEST BLOOD PURIFIER ON EARTH.

The efficacy of this remedy in purifying the blood and putting the system in order is without a parallel in the medical world. So thorough and far-reaching is it that it carries its great cleansing and regulating influence to every part of the body, casting out impurities that have resulted from Winter diet, purifying the bowels, strengthening the kidneys, liver and stomach, and preparing the entire body to resist the disease germs which come with warm weather. Those who use this great purifier during the Spring months will stand the heat better and be free from the debilitating ailments which invariably attack the body that is clogged up with impurities.

## FOR FREE ADVICE

Every Woman Should Write Dr. S. B. Hartman, President of The Hartman Sanitarium.

Mrs. Joseph Lacelle, Ottawa, East, Canada, writes: "Perma is better by far than any other medicine sold in the Dominion for the troubles peculiar to the sex. I suffered with backache, headache and dragging down pains for over nine months and nothing relieved me a particle until I took Perma. A few bottles relieved me of my miserable half-dead, half-alive condition. I am now in good health and have neither ache or pain, nor have I had any for the past year. If every suffering woman would take Perma they would soon know its value and never be without it."—Mrs. Joseph Lacelle.

### Free Home Advice.

In view of the great multitude of women suffering from some form of female disease and yet unable to find any cure, Dr. Hartman, the renowned specialist on female catarrhal diseases, has announced his willingness to direct the treatment of as many cases as make application to him during the summer months without charge.

Those wishing to become patients should address The Perma Medicine Co., Columbus, Ohio.

## COLD JUNES.

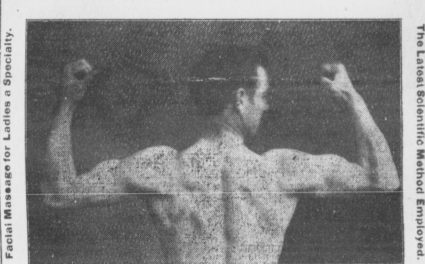

Heavy Snow Once Fell in Month of Roses.

Up to the present time the month of June has been an unusually cool one, but "There are Others." In 1816 it was so cold in June that the year was known as a year without a summer. June of that year was as cold as February. Frost was common throughout all the Northern States. Ten inches of snow fell in Vermont, seven inches in Maine and three inches in central New York. Even as late as July 5 freezing weather prevailed in New England. Ice was common enough in New York and in parts of Pennsylvania. But that was away back yonder and there are only a few of us that have the privilege of remembering what happened in 1816.

We had a pretty cold June two years ago, and it was cold in the coast region as the result of a heavy snowstorm in North Dakota. On the 6th of June the temperature was down to 25 degrees at Boise, Idaho, and down to 26 degrees at Baker City, Oregon. On June 5 there was a heavy snowstorm on Lake Michigan.

This year harvesters wore their coats. Many of them buttoned up, nearly every day of the wheat-cutting season. Last Tuesday snow fell sharply for a few minutes in south Boston, Mass.

### PRINCE AS STABLE ORDERLY.

Cavalry Horses Carefully Groomed by Sion of Royal House.

For several days a prince of the royal blood, who is a captain of the Seventh Hussars, has been working cheerfully in his shirt sleeves side by side with servants and troopers in the stables at Hampton Court, grappling with the difficulty of keeping 84 troop horses fed, watered, groomed and exercised by only seven men.

The royal officer, says the London Mail, who has thus proved himself as a true soldier is Prince Alexander of Teck, the third son of the late duke of Teck, who, although only 29 years old, is a D. S. O., and was mentioned in dispatches during the Matabele campaign and the late South African war. The circumstances under which he has turned to stable work are extraordinary. The normal strength of the cavalry stationed at Hampton Court is 116 noncommissioned officers and men, forming part of the provisional regiment made up of the Seventh and Tenth Hussars.

Due to continuous drafts to South Africa, where the regiment is stationed, the detachment at Hampton Court was reduced to 20 men, including officers. But as the drafts do not take horses with them to South Africa there are in the stables no fewer than 84 animals, mostly of the small mounted infantry type, and not thoroughly broken in.

It being obviously impossible for seven troopers to look after so many horses adequately, and no help being obtained from Hounslow or civil assistance granted, the sergeant-major and his sergeants and corporals have lent a hand in the stables. The captain prince also, seeing how hard pushed his men were, has day by day taken off his coat and worked handling a wheelbarrow just like any trooper.

"I think we worked twice as hard and twice as willingly," said a sergeant on Saturday, "because the young prince did his bit with the rest. And he seemed to like it, too; said it was better than drill. But it has been 'hard graft,' and I don't know when it is going to end, because they are as hard up at Hounslow for men as we are."

There has, of course, been no drill for days, and it has not been possible to place a sentry at the gate for the first time since Hampton Court became a royal palace. As recruiting for the Seventh Hussars was stopped some time ago, the position may not be mended as easily as may be desirable.

### FASHION IN FICTION.

The Average Novelist Has to Follow the Trend of the Times.

"I plucked up courage enough to send my novel to a New York publisher about two weeks ago," said the young reporter, who has literary aspirations, according to the Philadelphia Record. "I had been working on it for about a year, and naturally thought it was just about as high. This impression was strengthened when I received a letter from the publisher asking me to run over and see him. Well, he tore my story up the back, in a nice, gentle sort of way. He had no fault to find with its construction or its literary merits; he simply said that it didn't fit. He talked to me for over an hour about tendencies, and feeling the public pulse, and best sellers, but never a word about art. From his remarks I gathered that the successful novel is made to order, much as a tailor follows the fashions in constructing a suit of clothes. Just at present there is a chance for three styles—the story of finance, the novel of political life, and the characterization of the mildly humorous and philosophical type, such as Mrs. Wiggs or old Pork-packer Graham. The historical novel and the swash-buckling yarn of bloodshed have taken a back seat. So I am going to write a made-to-order story of a poor young man who enters the financial world and, overcoming great obstacles, eventually becomes a millionaire. What do I know about finance? Nothing at all; but I've got to follow the fashion, and if my scenario pleases the publisher, there's a contract ready for me to sign."

### A Big Heart.

At Davenport, Northwich, a singular case was investigated by Mr. Corner Yates. Harry Eaton, 35, chemist laborer, was found dead in bed. The case being inexplicable, Dr. Howard made a post-mortem examination. He said the deceased's heart was the most extraordinary he had ever seen. It weighed 351 ounces instead of ten ounces. The walls were two inches thick.

## READY FOR "BEGINNMENT"

Which Takes Place To-Night at Opera House.

The two full stage rehearsals of the "Singin Skule Begimment" which takes place at the opera house to-night under the auspices of the young ladies of the Christian Church for the benefit of their organ fund, has touched the "skollars" all up, and put them in most excellent trim for the laughing purposes of the "skule." It is hoped that the public understand that this entertainment is one of unusual excellence, one that has received the highest praise from the leading papers of the principal large cities of the South, and should be pleased to know that the performance here is predicted by the directors to be one of the very best that has ever been given, as the talent is unusually good, and then they have been so constant and regular in their attendance at the rehearsals perfect themselves in their several parts. The "Singin Skule Begimment" is not all singing, but it is a clean conglomeration of a little of everything calculated to make a refined audience laugh. The music is bright, pretty and catchy, new and original. Messrs. Bertram and Willard, the authors, are very funny comedians and while they have leading parts and keep the play together, they do not subordinate the local participants, on the contrary, it is their aim to make all of the parts as prominent as possible so that the entertainment may be not only a mirth provoker, but a circumstance of pride to the members, and all of their friends, and an educator as well. These gentlemen have been in the South presenting their different entertainments for more than six years, and in the state of Mississippi alone, more than sixteen solid months, this should be a guarantee of the excellence of their work. It is safe to say that those who attend the "Singin Skule Begimment" will be highly entertained, and it is hoped that the opera house will be crowded, as it should be to-night.

## BAD START

For The New Six Team Baseball League.

A new schedule for the K. I. T. League has been completed. Vincennes has been dropped and the six remaining towns will finish the season out.

This was the announcement made Monday, but Henderson failed to show up here on the schedule Tuesday and according to the rules three games were forfeited by Henderson to Hopkinsville, 9 to 0, as well as a money forfeit of \$90. Henderson, it transpired, went to Vincennes, no longer in the League, and played the three dates there. This is hard to understand, since one of the officers of the League is at Henderson, and undoubtedly has official knowledge that Vincennes was dropped. There is a rumor that Vincennes is trying to break up the K. I. T. League and get up a new four team league of Henderson, Paducah, Cairo and Vincennes. The next games here will be Monday, Tuesday and Wednesday, with Clarksville.

The confusion growing out of recent changes has left the percentage table so mixed up that it cannot be correctly given. No two papers are publishing the same figures.
